

A Christmas Fundraiser for St. Aidan's and Northside

Is there anyone on your Christmas list who is a U-M grad or a long-time Ann Arborite? Anyone interested in the history of our town and gown? Anyone who needs to keep track of their busy life? Then buy a 2005 Vintage Michigan calendar which has high quality removable, frameable photos selected from the Bentley Historical Library with commentary by local historian Grace Shackman.

The publisher is making them available to non-profit groups for fundraising: for each calendar you buy for \$16.95, St. Aidan's or Northside keeps \$6. If members of your church buy 100 calendars for all their friends and relatives, the church earns \$600! I am the local distributor and will bring calendars each Sunday from November 21-December 19 to sell in the Lounge at 12:30 or you can order them directly from me via phone or email (see below). For bookkeeping reasons, we will keep the sales for the two churches separate. Make checks for \$16.95 to Asgard Press.

An even more efficient way to order is to go to the Asgard Press website at vintageannarbor.com. The donation for your church will be automatically tabulated. Each church has a code which you will need to order your calendars which will be publicized soon.

Tell your friends! Every time they buy calendars for their friends and relatives your church makes \$6. I think this is an exciting way to make people happy, take care of our Christmas lists, and fill our church coffers all at the same time!
